- Abstain: 6
- Left Blank: 0

### Threshold Rules

For primary ballot access, state law establishes a 30% threshold per CRS 1-4-601(2), which includes: *Every candidate receiving thirty percent or more of the votes of all duly accredited assembly delegates who are present and voting on that office must be certified by affidavit of the presiding officer and secretary of the assembly. If no candidate receives thirty percent or more of the votes of all duly accredited assembly delegates who are present and voting, a second ballot must be cast on all the candidates for that office. If on the second ballot no candidate receives thirty percent or more of the votes cast, the two candidates receiving the highest number of votes must be certified as candidates for that office by the assembly.*

For allocation of delegates to higher assemblies and conventions, the 2020 CDP Delegate Selection Plan on pages 12-13 establishes a 15% threshold: *There shall be a 15% threshold at each level of the assembly process. "Threshold" is defined as the percentage of votes a preference must receive in order to be allocated delegates.*
